Dear Anni:

Today "Homage to The Square  
Mellow" has joined us.

We all love it.

It is very beautiful, especially  
so to me. How you have  
selected the one red -  
Eucalyptus blossom red - borders  
on the miramelans as it is  
the one color that has always  
charmed me more than any  
other. A thousand times,  
Thank you and my ever-  
lasting gratitude to Josef  
for making our lives

So much richer and our  
Christmasses so much merrier.

May the New Year be a  
good one and a very happy  
one for you

Yours, Harry
